DETAILED ACTION

Claim Objections

1. Claim 1 is objected to because of the following informalities: the term "polymerizable" is unclear. Polymerizable moiety covers a large number of species those that are readily polymer (e.g., olefinic compounds) and those that require harsh treatment (e.g., esters, urethanes). Appropriate correction is required.

Election/Restrictions

2. Applicant's election of claims 1-26 and 45-52 in the reply filed on 07/25/05 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

Allowable Subject Matter

3. Claims 2-26 and 45-52 are allowed.

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Meyers et al., Macromolecules 2003, 36, 1766-68; Lu et al., Journal of
